

The Brekford Advantage

Product Solutions

Brekford provides rugged, mobile technology solutions, total vehicle upfitting and vehicle leasing/financing for Public Safety Agencies, Federal Government Entities and Branches of the US Military. It's products and services are designed to streamline procurement processes and offer maximum functionality in the day to day operations of its clients. Brekford is capable of equipping government agencies with the necessary rugged mobile hardware, wireless technology, law enforcement vehicle upfitting equipment and vehicle financing programs to allow personnel to properly serve their agencies and the public they protect. Through its strategic relationships with world class companies, Brekford is able to service federal, state and local governments with first rate technology and unmatched customer service. Brekford is a one-stop-shop specializing in total mobile data solutions and complete vehicle upfitting packages featuring the following products and manufacturers:

- Rugged Toughbooks by Panasonic
- Panasonic Arbitrator mobile video systems
- Vehicle mobile data mounting solutions by Precision, Gamber Johnson and LEDCO
- Vehicle GPS and AVL packages by Panasonic
- Emergency lighting systems by RonTan, Whelen, Code 3 and 911.EP
- Push bars, skid plates and brush guards by Pro-Gard and Setina
- Window and Vehicle armor by Pro-Gard
- SlickTicket printer/scanner solutions by Brekford
- Printer solutions by Pentax
- Mobile scanner solutions by L-Tron
- Integrated vehicle command and control systems
- Tactical gear by 5.11 Tactical

Superior Services

Brekford is committed to designing mobile technology systems that meet or exceed industry standards for **safety, ergonomics, reliability, serviceability and uniformity**. Most importantly, our Maryland integration center can order and upfit vehicles to agency specifications and have them drop-shipped to **anywhere** in the United States. This means total **bumper to bumper** solutions delivered in true turn-key fashion.

Our specialized services are second to none:

- Expert hardware installation for over a decade
- Affordable leasing options
- Custom wiring harness installation
- Dedicated project management
- Systems design & prototyping
- Personalized consulting
- Command & control system integration
- Seamless system integration

Company Customers

Brekford's growing client list includes law enforcement agencies, federal agencies, government entities, Fortune 500 companies, public utilities and various other public and private sector organizations. The list includes:
